

### Winter

**Path:**

A squirrel is stocking up nuts for winter.  
If the squirrel continues the path shown, will it pick  
up all the nuts?

## ***Hundred***

One has the following four consecutive integers:

**18, 19, 20, 21**

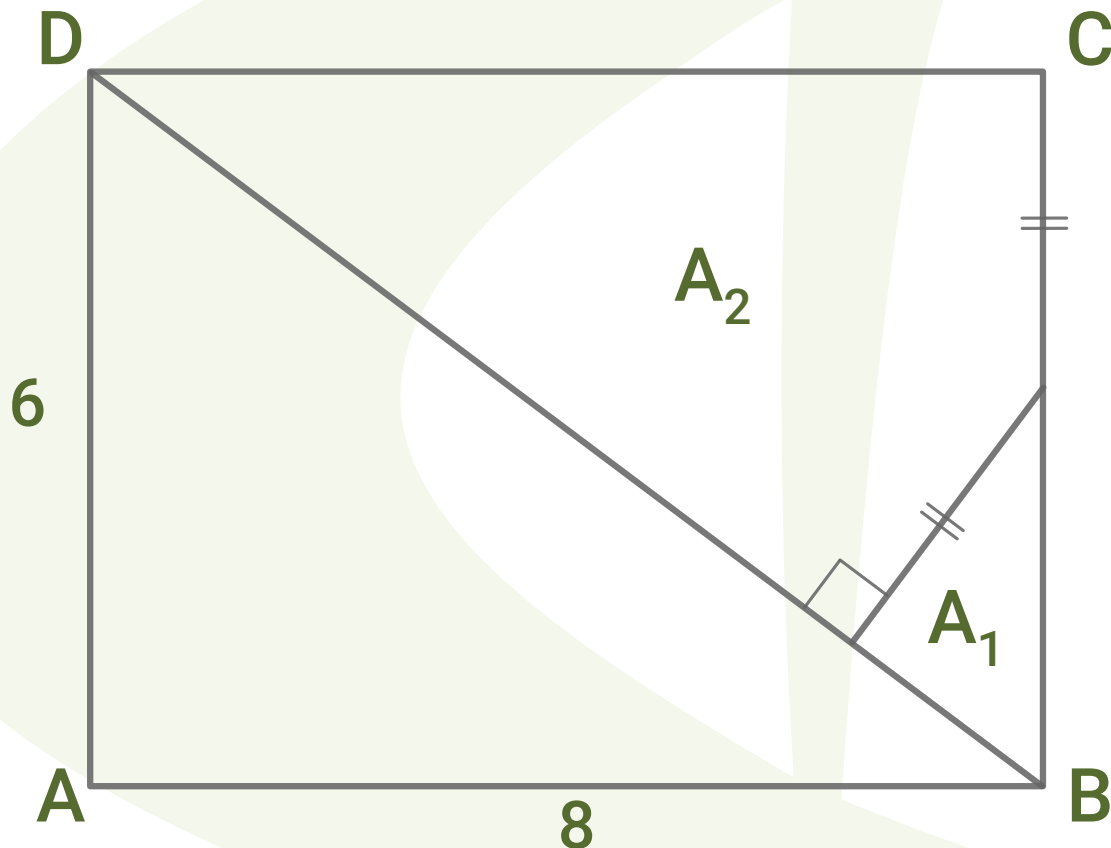

One of these numbers is divided by 3,  
another is multiplied by 3,  
another is increased by 3,  
and the fourth is diminished by 3.

When you add the four results you get 100.

Find the four operations.

## Quick Geometry

ABCD rectangle.

$$\frac{A_1}{A_2} = ?$$
