

Pattern

				B	C	B
				A		A
						A
				A		B
				A	B	C

Look at the pattern and describe it.

Continue the pattern until you have filled all the boxes.

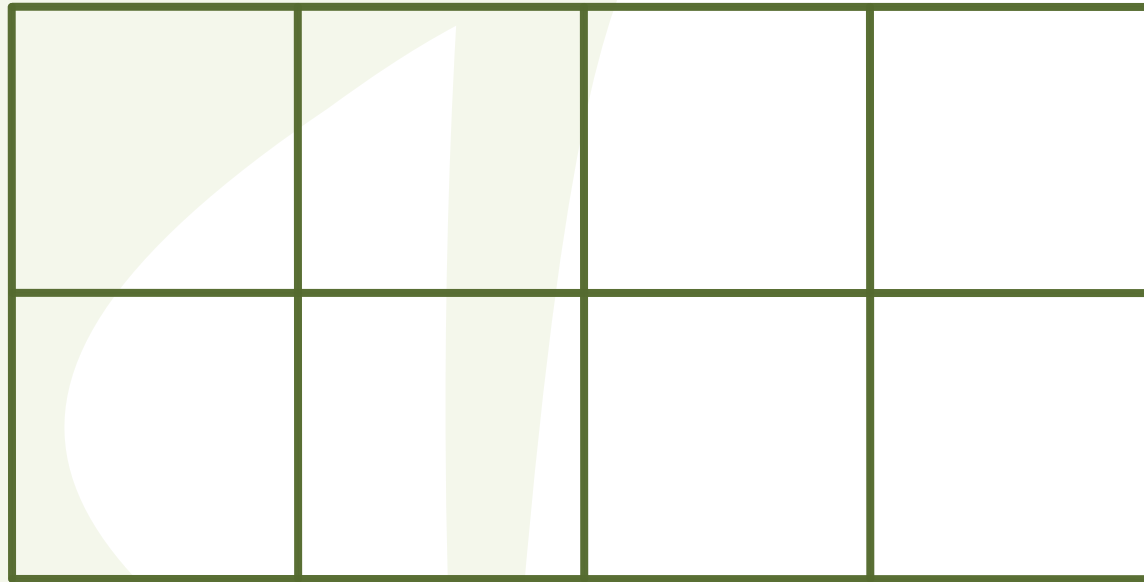

How many times did you write the letter 'A'?

How many times did you write the letter 'B'?

How many times did you write the letter 'C'?

Counter

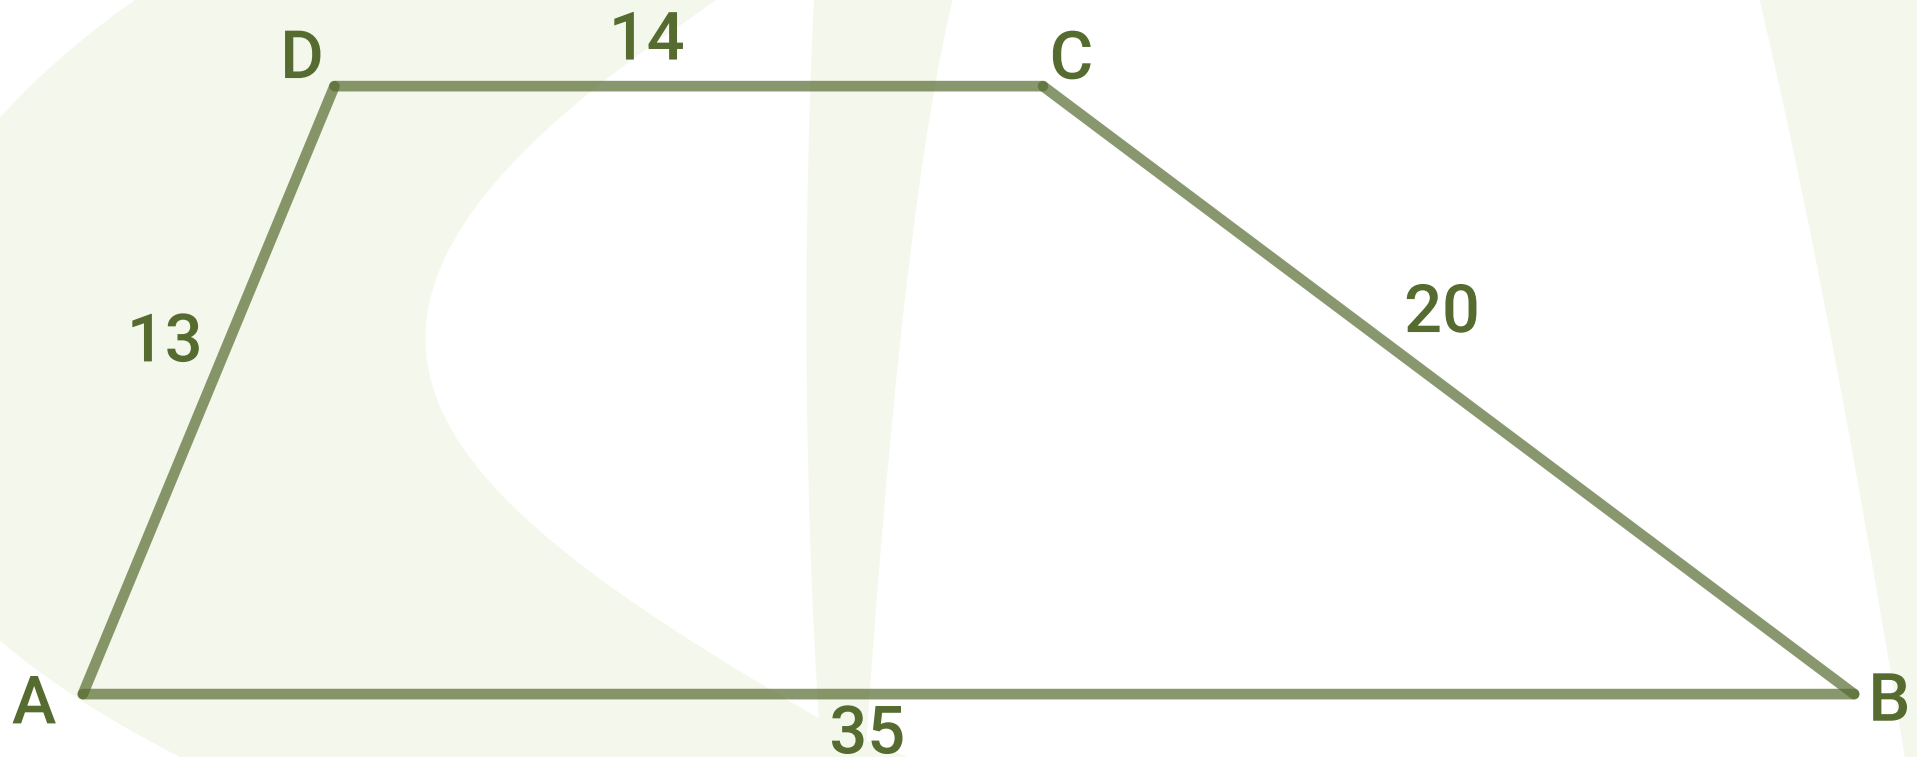

In this figure, we can count a total of 11 squares.
Check it!

Determine how many rectangles, which are not squares, we can count in this figure.

Quick Geometry

Trapezoid

$ABCD$ is a trapezoid. Determine its area.
